THE ALLEN FOUNDATION INC.

2022 Annual Report

www.allenfoundation.org

LETTER FROM THE CHAIR

The belief of William Webster Allen, founder of the Allen Foundation, was that every person should be able to access adequate, nutritious food daily, gives voice to the mission of the Allen Foundation. In 2022 the Trustees funded 53 excellent grant requests that move this mission forward.

The largest number of grants were in the area of nutrition education (30). Examples include an education program in Indiana focused on healthy eating/cultural traditions in communities of color and an Oregon State University community garden project for cancer survivors.

Hunger relief funding was granted to 11 projects. A kitchen update for the Council on Aging in Gladwin, MI and a Soup Kitchen in New Mexico are two such projects.

Nine research grants were funded in 2022. The University of Maine received a grant to study the effects of broccoli sprouts on gut microbiome and inflammation in humans. Research quantifying the content of human milk to promote preterm infant brain development at Brigham and Women's Hospital is a second example of our research funding efforts.

This year I am pleased to recognize two remarkable members of our Board of Trustees. Dr. Mark Ostahowski has served as board president for 21 years. His leadership has been stellar. Equally outstanding has been the service of Bill Lauderbach, our treasurer for 17 years. Both men serve on a voluntary basis. Their commitment to the Foundation has strengthened the Foundation's ability to make a difference

Special appreciation is due each Trustee who donates time, experience and expertise to the mission of the Foundation and our Allen staff. We could not accomplish our goals without you.

Sincerely,

Bal E Lamphear, Chair

Maclain Mcallister, Junior Apprentice	Interlochen, Michigan

GRANT APPLICATION PROCEDURE

The Allen Foundation Inc. operates under the laws of the State of Michigan, with offices in Midland. In order to be considered for an Allen Foundation grant, you must be a non-profit organization, and be able to provide us with a copy of your federal Internal Revenue Service certification of 501(c)(3) tax-exempt status. Academic research under an Allen Foundation grant should be conducted under the leadership of a principal investigator who is a full-time regular faculty member with tenure or on tenure track. The foundation does not directly administer the programs which it funds. Recipients are asked to submit yearly progress reports and a financial accounting concerning the expenditures of the foundation grant.

Grants are strictly limited under the terms of the charter to projects that benefit programs for human nutrition in the areas of health, education, training, and research. The foundation requires electronic submission of all unsolicited applications for consideration for possible funding. Please go to: http://www.allenfoundation.org/ and follow the instructions for filing a grant application online. The next "deadline" for submission of proposals is January 15, 2024. This deadline means that any proposal submitted electronically after January 15, 2024, will be considered for possible funding in 2025. The decisions of the board of trustees will be posted on the foundation's website in June of each year. Because of the number of proposals received and the limited resources of the foundation, applicants should never view possible declinations to fund their proposals or delays in reviewing their proposals as judgments on the actual merits of their proposals.
