## THE ALLEN FOUNDATION INC.

# 2023 Annual Report

www.allenfoundation.org

## LETTER FROM THE CHAIR

2023 was a time of gratitude and change for trustees of the Allen Foundation. Because of the volume of grant requests, the trustees began meeting twice a year to grant funds to worthy projects. Gratitude and excitement radiated from the quality of the grant projects; many targeting children and youth for both feeding and educational programs. Farm to home projects provided outstanding "hands on" gardening and farming education and feeding opportunities. School based feeding/education programs reached out to thousands of school age children and their families across the country. Nutrition research focused on fighting malnutrition within the United States and beyond our borders, provided hope for a healthier future for children and adults in situations of critical need.

Examples of excellent projects included Acta Non Verba in Oakland, California, a Youth Urban Farm Project; The Table, a small project that feeds eleven families on weekends in Monroe County, Michigan and a research project, Open Biome, with the goal of increasing positive gut bacteria in malnourished infants.

The board welcomed a new trustee with a background in early childhood education this year; Catie Newport Bouwman. It also recognized the efforts of Leslie Hildebrandt, PhD, on her retirement from the board of trustees after 20 years of faithful service.

It is my distinct privilege to work with a dedicated board of trustees that donates its considerable expertise and experience to the work of the Allen Foundation. The Allen family owes them a great debt of gratitude for their outstanding efforts. We also want to recognize our staff person for her important efforts on behalf of the foundation.

Thank you to all who in any way helped to further nutritional health in 2023. So much progress has been made since this foundation was established in 1975. Let's soundly celebrate our successes, but keep in mind "we have many miles to go before we sleep."

Sincerely,

Bal E Langhear, Chair

#### GRANT APPLICATION PROCEDURE

The Allen Foundation Inc. operates under the laws of the State of Michigan, with offices in Midland. In order to be considered for an Allen Foundation grant, you must be a non-profit organization, and be able to provide us with a copy of your federal Internal Revenue Service certification of 501(c)(3) tax-exempt status. Academic research under an Allen Foundation grant should be conducted under the leadership of a principal investigator who is a full-time regular faculty member with tenure or on tenure track. The foundation does not directly administer the programs which it funds. Recipients are asked to submit yearly progress reports and a financial accounting concerning the expenditures of the foundation grant.

Grants are strictly limited under the terms of the charter to projects that benefit programs for human nutrition in the areas of health, education, training, and research. The foundation requires electronic submission of all unsolicited applications for consideration for possible funding. Please go to: https://www. allenfoundation.org and follow the instructions for filing a grant application online. Grant application deadlines are January 15 and July 15 of each calendar year. This means that any proposal submitted electronically after the deadlines will be considered for possible funding during the next application cycle. The decisions of the board of trustees will be posted on the foundation's website in May and November of each year. Because of the number of proposals received and the limited resources of the foundation, applicants should never view possible declinations to fund their proposals or delays in reviewing their proposals as judgments on the actual merits of their proposals.
